

A few words about the wine...

The essential compliment to a delicious dish is a delightful glass of wine.

The wine should enhance the flavors of the food, inspire great conversation, and help us enjoy the moment, really live in the moment....delighting our palates, bringing forth the flavors of each dish, while sparking memories of good times spent in the company of great wine!

After many visits to Italy, especially to the country towns where one breathes in life like the irresistible aroma of fresh baked bread wafting out of the town's bakery in the morning, I've decided that we Americans move too fast and miss too much.

"Ambition is a disease," says my friend Federico from Montepulciano, as we sip our Vin Santo and dip our biscotti, "and I don't want to catch it!"

So please relax and enjoy these wines, all of which have been personally tasted and selected; each of which is offered with a wish that you might taste the richness of life's moments in every glass...

Salute!
